An open letter from the Superintendent of Schools

As a resident of Montville, or as a person interested in our community affairs, you may find the information provided on our school website as a useful portal to better understand this controversial issue and find your way to additional Internet links. In my many positions of leadership over the years, I have always maintained that when encountering any challenging or controversial issues, the assemblage of complete and accurate information is always in order. We are doing our best to ensure the reliability of the information we provide but must disclaim information and Internet links that are not under our direct control. Accordingly, I am pleased to cooperate with those community members who hold this matter as an important priority, promoting the highest quality of life for all children, families, and residents of Montville. I trust that you will find this information and the links to other responsible websites informative and useful.
