

Department of School Counseling

November 21, 2022

Dear Junior Parent(s)/Guardian(s):

In order to help students, begin their post high school planning, junior conferences will be held during the school day in the months of December-January **OR** April-May. The conference will last approximately 45 minutes and can be scheduled between 7:30 AM and 1PM. The purpose of the conference is to assist with preliminary plans for college, business or technical school, the military, employment, etc. During this meeting, the counselor will share an overview of the college admissions process, assist in developing a standardized testing timeline (ACT/SAT), and/or discuss any relevant information regarding post high school opportunities for students. The meeting will be individualized based on the student's post-high school goals.

To assist us in planning this conference, prior to requesting a conference, your child must:

- complete the Junior Conference Request Form through Google Forms (*see below for counselor specific links*)
- list colleges of interest to them in SCOIR in the "Following" section in "My Colleges" if they are planning to attend college.

I encourage you to join your child for this very important meeting. Students will meet in person with their counselor while the parent/guardian can attend the meeting in person or join virtually. If you are not able to do so, your child should still register for an appointment to meet with their counselor. All juniors need to attend a junior conference.

The information required in SCOIR must be completed **before** submitting the appointment request form. **Appointments will not be scheduled without the information above being completed.**

Sincerely,

Leslee J. Scheckman

Leslee J. Scheckman
Director of School Counseling
